

## Wateree RCI Inmates/Staff Help with Hurricane Matthew Preparations/Aftermath

Inmates and Support Services staff from Wateree River Correctional Institution filled some 45,000 sandbags through Tuesday, October 11, 2016 in support of emergency efforts required before and after Hurricane Matthew. The sandbags were needed in coastal, low country and midlands areas of the state where storm surge and flooding from heavy rains were expected to and did cause heavy damage.
