

Wife of Longtime Trenton CI Correctional Officer Aided by CPOF

Lt. Ron Snyder, EHSO/Training Officer at Trenton Correctional Institution and Special Olympics Liaison for SCDC, has been a longtime member of the Correctional Peace Officer's Foundation. Until recently, he has never been in need of the special assistance that it can provide to employees and their families at SCDC who may be in need.

Ron's wife has been undergoing Chemo for cancer treatment and Gary Evans, formerly one of Ron's supervisors at the Department of Corrections and currently Field Representative for CPOF, recently presented Ron and his wife Jean with a check for \$500.00 to help cover her treatment expenses. "I have been a CPOF member for many years and never thought I would need help from them myself," said Snyder. "I would like to thank everyone from this great organization for their assistance." Ron says his wife is doing fine, and they are thankful to everyone for their prayers and well wishes.
